

# 4-RAIL HANDGUARD

Based on the good experience made with the 4-Rail Handguard of the TM-4 Rifle, Tara Perfection decided to offer a version of its handguard for all M16 and M4 Carbines. The 4-Rail Handguard is designed to fulfill the following operational tasks:

- Replacement of standard handguard without any modification of the weapon
- Solid mounting on weapon
- MIL-STD 1913 Picatinny Rail Pattern

Providing mounting platform for all weapon accessories such as scopes, sights and night visions, tactical lights, visible and/or IR Target Laser, vertical foregrips, bipods and rail covers.
